Wood, glass and lighting  
1000 mm x 650 x 600 mm.

Signed and dated on the back of the museum

**Exhibitions**

BRAFA, Brussels, 2011

**Artist description:**

The work of Wesley Meuris is focused on the interaction between conditioned behaviour and architecture. He questions the current conventions of the standardised architectural spaces. In his architectural models he plays with the basic norms for dimensions, material, proportions and the arrangement of the spaces in order to unravel the meaning of the constructions.
