

**Jan Van Imschoot (Gent 1963)**

**Dead Row Fashion, 2013**

Wall painting

**Artist description:**

The paintings of Jan Van Imschoot often have dramatic, highly narrative themes that give his works an unsettling and morbid atmosphere. A recurrent element in his work is the cynicism and irony typical of Flanders. His motifs, elements, figures and texts have been visibly overpainted to lay bare the creative path that Van Imschoot takes to arrive at the final product.
